

STRIVE - THE EMPLOYEE APP

Reimagine the Employee Experience - One Individual at a Time

Hi ,

We have some exciting things in store for the rest of the year and heading into 2023! Take a look at what is coming soon:

Security Improvement

A reminder that we will be enabling 2-Factor Authentication on December 14th. The user will be asked to choose a second piece of information to enter to validate their profile when logging in. It will not require users to provide additional data or personal information nor require any work or lift from your team to activate.

Standard Challenges & Global Raffle Live 1/1

Starting 1/1 we will be launching standard challenges and the first iteration of our global raffle! Each month users will have a chance to win prizes based on their total points earned through in-app challenges:

Level 1 (1-100 points): \$500

Level 2 (101-200 points): \$1,000

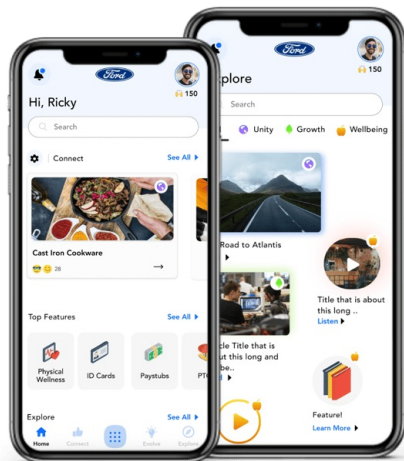

Level 3 (201+ points): \$2,000

Winners will be notified individually with a link to claim their prize. A global push notification will also be sent to all users to let them know who won. STRIVE will be managing and funding this raffle, so there is no work required for you to ensure employees have access.

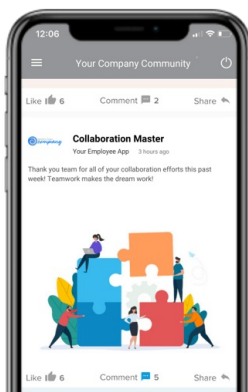

New UI/UX April 2023

To provide a cleaner and more modern experience, we are undergoing a UI/UX transformation that will be live April 2023! Users can design their experience in the app to utilize features important to them. With sections to connect, explore, and evolve, the app will provide & support a holistic employee experience. Keep an eye out for exciting updates to come!

STRIVE Hot Tip

Now is the best time to plan messaging for 2023! Attend our upcoming office hours and meet one-on-one with your CSM to set your [app messaging](#) for the year. Plan ahead by scheduling messages such as payday reminders, time tracking, or promoting important initiatives to save time!

Claim your spot for one of the following dates: [12/14 at 2 pm EST](#) / [12/21 at 2 pm EST](#) / [12/27 at 2 pm EST](#).

As always, if you have any questions regarding any of the above updates, please reach out to [\[email protected\]](#).
