

Hi ,

Hope all is well.

I'm writing to share exciting news from the team at STRIVE. We are announcing that STRIVE has received a growth investment from Essex Bay Capital, a lower middle market private equity firm focused on small- to mid-sized private companies. This investment allows us to further support partners like yourself to reimagine the employee experience and engage with more individuals even more efficiently. This funding will accelerate refinements and growth in our team, product, and overall user experience. While it will not have any immediate impact on our day-to-day work with your organization, we'll have more exciting updates to share with you over the coming months. Please let us know if you have any questions. We're happy to help and are pleased to further enhance support of your team in the future.

Thanks,

- The STRIVE Team
