

STRIVE - THE EMPLOYEE APP

Reimagine the Employee Experience -
One Individual at a Time

Hi ,

As we prepare for our upcoming UI/UX launch in April 2023, we wanted to provide a few updates and actions needed to provide a smooth transition.

The updated UI/UX will give you the ability to add additional features including:

- A personalized app experience for users to select topics and features most relevant to them
- Create challenges & offer rewards for those challenges for employees to redeem. *Note: Rewards will need to be funded by your organization
- A recognition feature for employees to celebrate the work and accomplishments of their peers
- Add important content and resources that are searchable for the users

For the smoothest transition possible, please consider joining our upcoming office hours where we will show our updated solution, give an overview of what is needed to make the switch for your app, as well as answer any questions you may have. Join us either [Tuesday, February 14th at 12 pm CST](#) or [Thursday, February 16th at 12 pm CST](#). If you are unable to attend, we will be sending out a recording as well as the materials needed to be completed.

Please let us know if you have any questions!

- Your Client Success Team
