

STRIVE - THE EMPLOYEE EXPERIENCE SOLUTION

One employee's experience is an entire company's potential.

Hi ,

As we are in the busy Q4 season, we wanted to make sure you are up to date on the latest updates with the solution. Let's dive in:

App Update

In case you missed it, our app update went live on November 6th, delivering a more personalized and dynamic user experience, & enhancing overall performance. Here's a recap of the key features:

- **Personalized Dashboard:** Enjoy a tailor-made dashboard designed to deliver the most relevant content to keep employees in the loop.
- **High-Five Recognition Template:** This template is meant to recognize peers for a job well done or for helping in any way. Users will earn points that can be claimed as prizes.
- **Eat a Healthy Meal Challenge:** Users can participate in the challenge to earn points daily while building healthy habits. They may even find a new recipe or two!

If you haven't already, make sure to update the app and explore these exciting updates!

Web Application

Our web application officially launched on November 6th making it even easier to access the solution. Now, employees can effortlessly utilize the web version using the same login credentials as the app, ensuring a seamless and unified

experience. Explore enhanced accessibility and streamline your employees experience by having them follow these steps to access the web [application!](#)

Redemption

For all clients who were live prior to 11/6, we have turned on redemption for your employees – on us! We believe in the significance of rewarding employees and will be covering your employees up to \$24/employee/per year. Standard conversion will be 100 points = \$1. Employees can earn points by completing challenges or by being recognized for their hard work.

It's our way of supporting a culture of appreciation within your team! If you have any questions or would like to fund additional rewards for your employees, reach out directly to the support team!

December Messaging

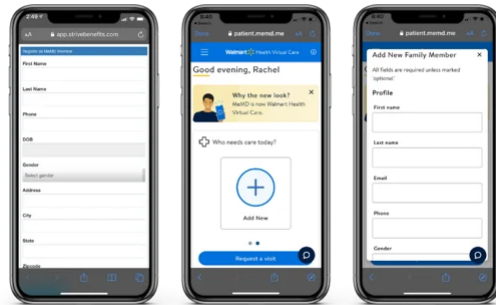

Explore our December messaging template! This invaluable resource is perfect for elevating your internal communications this holiday season! Each week, employees can receive a message paired with a curated image, simplifying the task of fostering connection and engagement within your team. [Click here to access!](#)

If you would like to have your December Messaging scheduled, reach out to your Customer Support Manager to get it created!

Strive Hot Tip

Colder months are here! Encourage your employees to utilize telemedicine, if it is available for them. From seasonal colds to routine check-ups, they can stay cozy at home while accessing convenient healthcare to address their needs without venturing into the winter weather.
